

This safety data sheet complies with the requirements of:  
Regulation (EC) No. 1907/2006 and Regulation (EC) No. 1272/2008

Issuing Date 10-Oct-2016

Revision Date 10-Oct-2016

Revision Number 1  
ENG

## Section 1: IDENTIFICATION OF THE SUBSTANCE/MIXTURE AND OF THE COMPANY/UNDERTAKING

### 1.1. Product identifier

**Product Code(s)** LK1-00800903  
**Product Name** Mercury 10 mg/L in 2% HNO<sub>3</sub>, 500 mL  
**REACH registration number** Not applicable  
**CAS No.** Not applicable  
Contains Nitric Acid

### 1.2. Relevant identified uses of the substance or mixture and uses advised against

**Recommended Use** Laboratory chemicals  
Production of chemical substance  
**Uses advised against** Not for human consumption

### 1.3. Details of the supplier of the safety data sheet

#### Manufacturer

LabKings B.V  
Utrechtseweg 5, 1213TK Hilversum, The Netherlands  
+31 84 875 63 44  
www.labkings.com

### 1.4. Emergency telephone number

**Emergency Telephone** Chemtrec, Inside the USA: 1-800-424-9300  
Chemtrec, Outside the USA: 001-703-527-3887

|        |     |
|--------|-----|
| Europe | 112 |
|--------|-----|

## Section 2: HAZARDS IDENTIFICATION

### 2.1. Classification of the substance or mixture

Regulation (EC) No 1272/2008

|                                      |                     |
|--------------------------------------|---------------------|
| Acute toxicity - Inhalation (Vapors) | Category 3 - (H331) |
| Serious eye damage/eye irritation    | Category 1 - (H318) |

### 2.2. Label elements

Regulation (EC) No 1272/2008  
Contains Nitric Acid

**Signal word**

Danger

**Hazard statements**

H331 - Toxic if inhaled

H318 - Causes serious eye damage

**Precautionary Statements - EU (§28, 1272/2008)**

P321 - Specific treatment (see supplemental first aid instructions on this label)

P403 + P233 - Store in a well-ventilated place. Keep container tightly closed

P280 - Wear eye protection/ face protection

P305 + P351 + P338 - IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing

P310 - Immediately call a POISON CENTER or doctor

**2.3. Other hazards**

No information available

### Section 3: COMPOSITION/INFORMATION ON INGREDIENTS

**3.1 Substances**

The exact concentration of each component can be found on the Certificate of Analysis

| Chemical name   | CAS No.    | Weight-% |
|-----------------|------------|----------|
| Water           | 7732-18-5  | 97.999   |
| Nitric Acid     | 7697-37-2  | 2        |
| Mercury Nitrate | 10045-94-0 | 0.001    |

**3.2 Mixtures**

| Chemical name   | CAS No.    | Classification according to Regulation (EC) No. 1272/2008 [CLP]                                                                             |
|-----------------|------------|---------------------------------------------------------------------------------------------------------------------------------------------|
| Water           | 7732-18-5  | No data available                                                                                                                           |
| Nitric Acid     | 7697-37-2  | Skin Corr. 1A (H314)<br>(EUH071)<br>Ox. Liq. 2 (H272)                                                                                       |
| Mercury Nitrate | 10045-94-0 | Acute Tox. 2 (H300)<br>Acute Tox. 1 (H310)<br>Acute Tox. 2 (H330)<br>STOT RE 2 (H373)<br>Aquatic Acute 1 (H400)<br>Aquatic Chronic 1 (H410) |

**Full text of H- and EUH-phrases: see section 16**

### Section 4: FIRST AID MEASURES

**4.1. Description of first aid measures**

|                       |                                                                                                                                                                                               |
|-----------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>General advice</b> | Immediate medical attention may be required. Show this safety data sheet to the doctor in attendance.                                                                                         |
| <b>Inhalation</b>     | IF INHALED: Remove to fresh air and keep at rest in a position comfortable for breathing. Administer oxygen if breathing is difficult. IF exposed or concerned: Get medical advice/attention. |
| <b>Eye contact</b>    | Rinse thoroughly with plenty of water for at least 15 minutes, lifting lower and upper eyelids. Consult a physician.                                                                          |
| <b>Skin contact</b>   | Wash off immediately with plenty of water for at least 15 minutes. Get medical attention immediately if symptoms occur.                                                                       |
| <b>Ingestion</b>      | Do not induce vomiting without medical advice. Rinse mouth thoroughly with water. Get immediate medical advice/attention.                                                                     |

**4.2. Most important symptoms and effects, both acute and delayed**

**Symptoms** Skin irritation. Eye irritation.

**4.3. Indication of any immediate medical attention and special treatment needed**

**Note to physicians** Treat symptomatically.

**Section 5: FIRE-FIGHTING MEASURES****5.1. Extinguishing media**

**Suitable Extinguishing Media** Dry chemical, CO<sub>2</sub>, alcohol-resistant foam or water spray. Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

**Unsuitable extinguishing media** No information available.

**5.2. Special hazards arising from the substance or mixture**

**Specific hazards arising from the chemical** No information available.

**5.3. Advice for firefighters**

**Special protective equipment for fire-fighters** Firefighters should wear self-contained breathing apparatus and full firefighting turnout gear. Use personal protection equipment.

**Section 6: ACCIDENTAL RELEASE MEASURES****6.1. Personal precautions, protective equipment and emergency procedures**

**Personal precautions** Ensure adequate ventilation. Avoid breathing dust/fume/gas/mist/vapors/spray. Avoid contact with skin, eyes or clothing. Wear protective gloves/protective clothing and eye/face protection. Handle within a fume cupboard or implement suitable equivalent methods to minimize exposure.

**For emergency responders** Use personal protection recommended in Section 8.

**6.2. Environmental precautions**

**Environmental precautions** See Section 12 for additional Ecological Information.

**6.3. Methods and material for containment and cleaning up**

|                                        |                                                                                                                                                       |
|----------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Methods for containment</b>         | Prevent further leakage or spillage if safe to do so.                                                                                                 |
| <b>Methods for cleaning up</b>         | Soak up with inert absorbent material (e.g. sand, silica gel, acid binder, universal binder, sawdust). Place in appropriate chemical waste container. |
| <b>Prevention of secondary hazards</b> | Clean contaminated objects and areas thoroughly observing environmental regulations.                                                                  |

**6.4. Reference to other sections**

|                                    |                                                                          |
|------------------------------------|--------------------------------------------------------------------------|
| <b>Reference to other sections</b> | See section 8 for more information. See section 13 for more information. |
|------------------------------------|--------------------------------------------------------------------------|

## Section 7: HANDLING AND STORAGE

**7.1. Precautions for safe handling**

|                                       |                                                                                                                                                                                       |
|---------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Advice on safe handling</b>        | Avoid contact with skin, eyes or clothing. Do not breathe dust/fume/gas/mist/vapors/spray. Ensure adequate ventilation. Use personal protection equipment. Handle in a fume cupboard. |
| <b>General hygiene considerations</b> | Handle in accordance with good industrial hygiene and safety practice.                                                                                                                |

**7.2. Conditions for safe storage, including any incompatibilities**

|                           |                                                                                                                                                  |
|---------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Storage Conditions</b> | Keep containers tightly closed in a dry, cool and well-ventilated place. For more information, see product label and/or certificate of analysis. |
|---------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------|

**7.3. Specific end use(s)**

|                                      |                                                                           |
|--------------------------------------|---------------------------------------------------------------------------|
| <b>Risk Management Methods (RMM)</b> | The information required is contained in this Material Safety Data Sheet. |
|--------------------------------------|---------------------------------------------------------------------------|

## Section 8: EXPOSURE CONTROLS/PERSONAL PROTECTION

**8.1. Control parameters****Exposure Limits**

| Chemical name                 | European Union                                                   | United Kingdom                                                                     | France                                                    | Spain                                                                                    | Germany                                                     |
|-------------------------------|------------------------------------------------------------------|------------------------------------------------------------------------------------|-----------------------------------------------------------|------------------------------------------------------------------------------------------|-------------------------------------------------------------|
| Nitric Acid<br>7697-37-2      | -                                                                | STEL: 1 ppm<br>STEL: 2.6 mg/m <sup>3</sup>                                         | STEL: 1 ppm<br>STEL: 2.6 mg/m <sup>3</sup>                | STEL: 1 ppm<br>STEL: 2.6 mg/m <sup>3</sup>                                               | TWA: 1 ppm<br>TWA: 2.6 mg/m <sup>3</sup>                    |
| Mercury Nitrate<br>10045-94-0 | -                                                                | TWA: 0.02 mg/m <sup>3</sup>                                                        | TWA: 0.1 mg/m <sup>3</sup>                                | TWA: 0.02 mg/m <sup>3</sup>                                                              | TWA: 0.02 mg/m <sup>3</sup>                                 |

**Biological occupational exposure limits**

| Chemical name                 | European Union | United Kingdom | France | Spain | Germany |
|-------------------------------|----------------|----------------|--------|-------|---------|
| Mercury Nitrate<br>10045-94-0 | -              | -              | -      |       | 25 µg/g |

**Derived No Effect Level (DNEL)** No information available.

**Predicted No Effect Concentration (PNEC)** No information available.

**8.2. Exposure controls**

**Engineering controls** Apply technical measures to comply with the occupational exposure limits. Showers, eyewash stations, and ventilation systems. Ensure that eyewash stations and safety showers are close to the workstation location.

**Personal protective equipment**

**Eye/face protection** Wear safety glasses with side shields (or goggles). Use equipment for eye protection tested and approved under appropriate government standards such as NIOSH (US) or EN 166(EU).

**Hand Protection** Protective gloves. Ensure that the breakthrough time of the glove material is not exceeded. Refer to glove supplier for information on breakthrough time for specific gloves. Wash hands thoroughly after handling.

**Skin and body protection** Wear suitable protective clothing. Chemical resistant apron. Wear impervious protective clothing, including boots, gloves, lab coat, apron or coveralls, as appropriate, to prevent skin contact.

**Respiratory protection** Follow the OSHA respirator regulations found in 29 CFR 1910.134 or European Standard EN 149. Use NIOSH/MSHA or European Standard EN 149 approved respirator if exposure limits are exceeded or if irritation or other symptoms are experienced.

**General hygiene considerations** Handle in accordance with good industrial hygiene and safety practice.

**Environmental exposure controls** No information available.

**Section 9: PHYSICAL AND CHEMICAL PROPERTIES****9.1. Information on basic physical and chemical properties**

|                       |                          |
|-----------------------|--------------------------|
| <b>Physical state</b> | Liquid                   |
| <b>Appearance</b>     | May vary                 |
| <b>Odor</b>           | May vary.                |
| <b>Color</b>          | May vary                 |
| <b>Odor threshold</b> | No information available |

| <u>Property</u>                       | <u>Values</u>     | <u>Remarks • Method</u> |
|---------------------------------------|-------------------|-------------------------|
| <b>pH</b>                             | No data available | None known              |
| <b>Melting point / freezing point</b> | 0°C               | None known              |
| <b>Boiling point / boiling range</b>  | 100° C            | None known              |
| <b>Flash point</b>                    | No data available | None known              |
| <b>Evaporation rate</b>               | No data available | None known              |
| <b>Flammability (solid, gas)</b>      | No data available | None known              |
| <b>Flammability Limit in Air</b>      |                   | None known              |
| <b>Upper flammability limit:</b>      | No data available |                         |
| <b>Lower flammability limit:</b>      | No data available |                         |
| <b>Vapor pressure</b>                 | 23 hPa (17 mm Hg) | None known              |
| <b>Vapor density</b>                  | No data available | None known              |

|                           |                          |            |

| Molecular weight (g/mol)   | No information available |
| VOC Content (%)            | No information available |
| Liquid Density             | No information available |
| Bulk density               | No information available |
| Particle Size              | No information available |
| Particle Size Distribution | No information available |

## Section 10: STABILITY AND REACTIVITY

**10.1. Reactivity**

Reactivity Stable under normal conditions.

**10.2. Chemical stability**

Stability Stable under normal conditions.

**Explosion data**

Sensitivity to Mechanical Impact None.

Sensitivity to Static Discharge None.

**10.3. Possibility of hazardous reactions**

Possibility of hazardous reactions None under normal processing.

**10.4. Conditions to avoid**

Conditions to avoid None known based on information supplied.

**10.5. Incompatible materials**

Incompatible materials None known based on information supplied.

**10.6. Hazardous decomposition products**

Hazardous decomposition products Nitrogen oxides (NO<sub>x</sub>).

## Section 11: TOXICOLOGICAL INFORMATION

**11.1. Information on toxicological effects****Information on likely routes of exposure****Product Information**

Inhalation Specific test data for the substance or mixture is not available.

|                     |                                                                   |
|---------------------|-------------------------------------------------------------------|
| <b>Eye contact</b>  | Specific test data for the substance or mixture is not available. |
| <b>Skin contact</b> | Specific test data for the substance or mixture is not available. |
| <b>Ingestion</b>    | Specific test data for the substance or mixture is not available. |

**Information on toxicological effects**

**Symptoms** Skin irritation. Eye irritation.

**Numerical measures of toxicity****Acute toxicity**

The following values are calculated based on chapter 3.1 of the GHS document mg/kg

|                                      |           |
|--------------------------------------|-----------|
| <b>ATEmix (inhalation-dust/mist)</b> | 6.50 mg/l |
| <b>ATEmix (inhalation-vapor)</b>     | 8.64 mg/l |

**Unknown acute toxicity** 2.001 % of the mixture consists of ingredient(s) of unknown toxicity.

2.001 % of the mixture consists of ingredient(s) of unknown acute oral toxicity.

2.001 % of the mixture consists of ingredient(s) of unknown acute dermal toxicity.

2.001 % of the mixture consists of ingredient(s) of unknown acute inhalation toxicity (gas).

0.001 % of the mixture consists of ingredient(s) of unknown acute inhalation toxicity (vapor).

0.001 % of the mixture consists of ingredient(s) of unknown acute inhalation toxicity (dust/mist).

| Chemical name   | Oral LD50          | Dermal LD50        | Inhalation LC50                                          |
|-----------------|--------------------|--------------------|----------------------------------------------------------|
| Water           | > 90 mL/kg ( Rat ) |                    |                                                          |
| Nitric Acid     |                    |                    | = 67 ppm ( Rat ) 4 h = 130 mg/m <sup>3</sup> ( Rat ) 4 h |
| Mercury Nitrate | = 26 mg/kg ( Rat ) | = 75 mg/kg ( Rat ) |                                                          |

**Delayed and immediate effects as well as chronic effects from short and long-term exposure**

|                                          |                                                     |
|------------------------------------------|-----------------------------------------------------|
| <b>Skin corrosion/irritation</b>         | Irritating to skin.                                 |
| <b>Serious eye damage/eye irritation</b> | Irritating to eyes. Risk of serious damage to eyes. |
| <b>Respiratory or skin sensitization</b> | No information available.                           |
| <b>Germ cell mutagenicity</b>            | No information available.                           |
| <b>Carcinogenicity</b>                   | No information available.                           |
| <b>Reproductive toxicity</b>             | No information available.                           |
| <b>STOT - single exposure</b>            | No information available.                           |
| <b>STOT - repeated exposure</b>          | No information available.                           |
| <b>Aspiration hazard</b>                 | No information available.                           |

## Section 12: ECOLOGICAL INFORMATION

**12.1. Toxicity**

**Ecotoxicity** The environmental impact of this product has not been fully investigated.

| Chemical name | Algae/aquatic plants | Fish | Toxicity to microorganisms | Crustacea |
|---------------|----------------------|------|----------------------------|-----------|
|---------------|----------------------|------|----------------------------|-----------|

|             |   |                                        |   |   |
|-------------|---|----------------------------------------|---|---|
| Nitric Acid | - | 72: 96 h Gambusia affinis<br>mg/L LC50 | - | - |
|-------------|---|----------------------------------------|---|---|

**12.2. Persistence and degradability**

**Persistence and degradability** This substance is not considered to be very persistent nor very bioaccumulating (vPvB).

**12.3. Bioaccumulative potential**

**Bioaccumulation** No information available.

| Chemical name | Partition coefficient |
|---------------|-----------------------|
| Nitric Acid   | -2.3                  |

**12.4. Mobility in soil**

**Mobility in soil** No information available.

**12.5. Results of PBT and vPvB assessment**

**PBT and vPvB assessment** No information available.

**12.6. Other adverse effects**

**Other adverse effects** No information available.

## Section 13: DISPOSAL CONSIDERATIONS

**13.1. Waste treatment methods**

**Waste from residues/unused products** Dispose of in accordance with local regulations. Dispose of waste in accordance with environmental legislation.

**Contaminated packaging** Do not reuse empty containers.

## Section 14: TRANSPORT INFORMATION

**IMDG**

**14.1 UN/ID no.** UN3264  
**14.2 Proper shipping name** Corrosive liquid, acidic, inorganic, n.o.s.  
**14.3 Hazard Class** 8  
**14.4 Packing Group** III  
**14.5 Marine pollutant** No information available  
**14.6 Special Provisions** No information available  
**14.7 Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code** No information available

**RID**

**14.1 UN/ID no.** UN3264  
**14.2 Proper shipping name** Corrosive liquid, acidic, inorganic, n.o.s.  
**14.3 Hazard Class** 8  
**14.4 Packing Group** III  
**14.5 Environmental hazard** No information available  
**14.6 Special Provisions** No information available

**ADR**

**14.1 UN/ID no.** UN3264

|                           |                                             |
|---------------------------|---------------------------------------------|
| 14.2 Proper shipping name | Corrosive liquid, acidic, inorganic, n.o.s. |
| 14.3 Hazard Class         | 8                                           |
| 14.4 Packing Group        | III                                         |
| 14.5 Environmental hazard | No information available                    |
| 14.6 Special Provisions   | No information available                    |

**IATA**

|                           |                                             |
|---------------------------|---------------------------------------------|
| 14.1 UN/ID no.            | UN3264                                      |
| 14.2 Proper shipping name | Corrosive liquid, acidic, inorganic, n.o.s. |
| 14.3 Hazard Class         | 8                                           |
| 14.4 Packing Group        | III                                         |
| 14.5 Environmental hazard | No information available                    |
| 14.6 Special Provisions   | No information available                    |

**Section 15: REGULATORY INFORMATION****15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture****France****Occupational Illnesses (R-463-3, France)****European Union**

Take note of Directive 98/24/EC on the protection of the health and safety of workers from the risks related to chemical agents at work

**Authorizations and/or restrictions on use:**

This product does not contain substances subject to authorization (Regulation (EC) No. 1907/2006 (REACH), Annex XIV) This product does not contain substances subject to restriction (Regulation (EC) No. 1907/2006 (REACH), Annex XVII)

**Persistent Organic Pollutants**

Not applicable

**Ozone-depleting substances (ODS) regulation (EC) 1005/2009** Not applicable

**International Inventories**

|               |                 |
|---------------|-----------------|
| TSCA          | Complies        |
| DSL/NDL       | Complies        |
| EINECS/ELINCS | Complies        |
| ENCS          | Does not comply |
| IECSC         | Complies        |

**AICS** - Australian Inventory of Chemical Substances

**15.2. Chemical safety assessment**

**Chemical Safety Report** A Chemical Safety Assessment has not been carried out for this substance

**Section 16: OTHER INFORMATION****Key or legend to abbreviations and acronyms used in the safety data sheet****Full text of H-Statements referred to under section 3**

H302 - Harmful if swallowed

H332 - Harmful if inhaled

H360Df - May damage the unborn child. Suspected of damaging fertility

H373 - May cause damage to organs through prolonged or repeated exposure if inhaled

H400 - Very toxic to aquatic life

H410 - Very toxic to aquatic life with long lasting effects

H314 - Causes severe skin burns and eye damage

H272 - May intensify fire; oxidizer

EUH071 - Corrosive to the respiratory tract

**Legend**
